

Trailhead Stewards

Needed

The White Mountain National Forest is seeking enthusiastic volunteers to work at some of the busiest trailheads on the forest, giving ecology and safety related information to hikers.

When: Weekend shifts during the summer months, 4-6 hour shifts available.

Where: Franconia Notch, Bethlehem and Lincoln, NH.

Why: Many hikers are going into the White Mountains without the proper knowledge and gear. Help protect the fragile backcountry and hiker safety.

Make a difference on your public land!
